

Gin, Properly Prescribed Valuable Kidney Remedy

The medicinal value of gin as a remedy for kidney and bladder has been known by the medical profession for a long time and it is often prescribed. Six ounces best gin, half ounce Murax compound, half ounce fluid extract Buchu. This mixture taken in doses of one to two teaspoonfuls after each meal and at bedtime, will quickly stop all symptoms as pain in the back, rheumatic soreness in the joints, frequent scanty or painful urination, highly colored or scalding urine, pains in groin, dull pains in back of head, dizziness, irritability, all of which are sure signs of kidney trouble and must have prompt attention to prevent dread kidney disease such as Bright's disease, chronic rheumatism or diabetes. First class druggists keep the above ingredients. Some folks prefer to get the gin at a good liquor store. Anyone can mix.

CONGRESS MONDAY.

Senate Minority Report on Lorimer Election—Speaker Cannon Defied the House.

Washington, Jan. 9.—With all his old-time fire, Speaker Cannon defied the house today and was sustained by it in his action in ruling adversely on a resolution offered by Representative Fuller of Illinois, seeking to amend the rules. The speaker's decision was exactly similar to one made by him last spring, which precipitated the fight that greatly curtailed the authority of the chair, but today the house sustained him by a vote of 232 to 53.

In the senate, Mr. Beveridge introduced a minority report from the committee on privileges and elections, declaring the election of Senator William Lorimer to have been accomplished by fraud and by declaring the seat vacant. He was followed by Senator Owen in a set speech, also attacking the Illinois senator's right to his seat. Davis Elkins, son of the late Senator Stephen B. Elkins, was sworn in as a senator from West Virginia to succeed his father.

Both the house and senate will meet at noon tomorrow.

Why Fort Wayne Police Captain Resigned.

Fort Wayne, Ind., Jan. 9.—Rather than go on the witness stand and name the donors of a watch and a diamond which it is alleged he had received from keepers of resorts, Capt. Robert Dickson resigned from the Fort Wayne police force today while the board of public safety was investigating charges of graft preferred against him.

ANNUAL MEETING OF W. C. T. U.

Officers Were Re-Elected For Ensuing Year—Reports From the Auxiliary Organizations.

In their rooms in the Bill block the Women's Christian Temperance union held its annual meeting Monday afternoon at 3 o'clock, opening with the usual devotional service. The president, Miss Harriet G. Cross, was in charge. The monthly reports of the secretary, Mrs. H. F. Palmer, and of the treasurer, Mrs. S. Howard Mead, were read and accepted, and were followed by a report of progress in arranging for a course of purity talks to be given by Dr. Lucille James at the Central Baptist church. The dates are to be arranged as soon as possible.

A committee which consists of Mrs. A. B. Nickerson, Dr. James and Mrs. W. P. Potter, reported arrangements completed for a food sale next week at the beginning of the year, receipts \$138.16, expenditures \$139.19, balance \$138.66. All the regular contributions to county, state and national work had been made.

In order to accommodate several members who wished to leave early, the report of the nominating committee was presented at this point and the other annual reports later. The nominating committee, which consisted of Mrs. Thomas A. Perkins and Mrs. William P. Potter, named the same officers for another term and they were unanimously re-elected as follows: President, Miss Harriet G. Cross; secretary, Mrs. H. F. Palmer; treasurer, Mrs. S. Howard Mead.

A report for the Anna M. Herr Y. W. C. T. U. was then presented by Mrs. J. J. Fields, showing that the year started with a membership of 34 active and 4 honorary members, and closed with the same membership.

CONSIDERING FORMATION OF MOTORCYCLE CLUB.

Dozen or More Riders Here and One May Be Started in Spring.

Some of the most enthusiastic among the local owners and users of motorcycles are talking up the possibilities of the formation of a motorcycle club affiliated with the American Federation of Motorcyclists and expect that a club of a dozen or more could be formed here. The project has been suggested to a number of the local riders of motorcycles by Claude V. Pendleton, who has had encouraging responses, and it is probable that a club may be organized in the early spring or sooner.

In order to be affiliated with the A. F. M., each member of the club would have to be under the A. F. M. registry, and race meets could be held under A. F. M. protection and other benefits enjoyed from the connection with the national body.

The annual meeting of the Mutual Assurance company of the city of Norwich was held at the Norwich Savings society building on Monday afternoon, at which time the policyholders elected as directors for three years, Frank D. although several had left town or dropped out. Fifteen meetings had been held and six visits had been made to the almshouse. Free will offerings to state and county work had been made and the Y's had assisted the superintendent in visits to the county home in connection with the Loyal Temperance legion work.

Mrs. Fields also gave a report of the Loyal Temperance legion work, covering the three companies, C, D and K. In Company C, 39 are enrolled and 24 meetings have been held with an average attendance of 17. A special work of the company was in making 89 valentines with candy for the county home children, and they observed flower day by giving the county home children potted plants. All the red-letter days had been observed. This company has the honor of being the first combination musical and oratorical contest in New London county. Two silver medal contests were held with success.

Company D was organized February 17 at the Greenville Congregational church on the anniversary of Frances Willard's death. It started with nine members and increased to forty, meetings being held both in the Baptist and Congregational churches. The efficient help of Mrs. Potter, Rev. C. H. Ricketts, Mrs. Perkins and Rev. J. R. Very has contributed much to the success of the company.

Company K, which is at the county home, has been visited four times by the superintendent, more frequent calls being interrupted by contagious diseases. The matron, Miss Gibson, has been of great assistance through encouraging the children in temperance teachings.

One feature of the year was a joint meeting of Companies C and D at the W. C. T. U. headquarters, where exercises were conducted under the leadership of the superintendent and five other girls.

Reports are all accepted. The vice presidents and the superintendents are to be elected at the next meeting.

LECTURE-RECITAL BY REV. DONALD B. MACLANE

Norwich Club House Filled to Hear of Folk Songs and Song Folks.

There was a full house at the Norwich club on Monday afternoon to hear the lecture-recital by the Rev. Donald B. MacLane, given for the benefit of Mt. Holyoke college. His subject, Folk Songs and Song Folks, was treated in an entirely novel and original manner, quite attractive and interesting. Mr. MacLane said that his hobby is collecting tunes, and he thinks the reason that everyone loves a beautiful melody is because tunes are so much like people. They are a mirror of real life. To prove this, he presented a large number of melodies from his collection, letting his violin call the tunes across the stage like the men and women they represent. Tunes are like people, he said, in that they are of many different kinds. Like people, no two are exactly alike. Like people, some are happy, some are sad, some are like infancy, simple, wide-eyed and innocent; others like children, full of life, mischief and fun. Some are truly, gracious and dignified as womanhood, others strong, robust and essentially masculine. Then there are clownish, odd and freakish tunes, lazy, aimless, life tunes, strenuous, bustling, philosophical tunes, bold, dashing, fearless tunes; foreign, strange, outlandish tunes like the queer Chinese sample. The last illustration was that of a great song—the March.

Another thing in which tunes are like people is that the life they both live is made up of work and play. Each tune has two distinct parts blended in many combinations, but having in it more work than play. All combine the two, from the Ragman's

Call to the aristocratic, classical airs of Beethoven. Then again, like people, tunes have their feelings, moods and emotions. He illustrated many of these—jolly tunes, sad tunes, haunting tunes, precocious tunes, debating tunes, high and noble minded tunes.

Like people, tunes are sociable. They are not hermits but fit their melodies into harmony with others. Double notes and chords stand for their friends and the world around them. Only the discordant notes are quarrelsome.

The condition is prosperous.

AT THE AUDITORIUM.
Vaudeville and Motion Pictures.

A vaudeville bill of four numbers at the Auditorium shows numerous bright spots which won the approbation of good sized houses. Hamilton & Massey make a clever team in the comedy line of singing, dancing and repartee, while Jack Van Epps, also a comedian, scored nicely with some local hits on the water situation. Dan Crimmins and Miss Rose Gore, who carry a special stage setting for their eccentric oddity, The Actress and the Waiter, got a good hand. Miss Gore's swift change of costume from Drydock Liz to a Boston belle is a feature of the act to which attention is called, and Crimmins plays several parts involving quick costume changes.

Mr. and Mrs. Jack McGee produce The Visit to the Department Store, which is a humorous offering, compounded of jokes and song. There is an entertaining variety of moving pictures also on the bill.

Cliff Dwellers' Circle Elects Officers.

MEETING OF WILLIMANTIC BOARD OF ALDERMEN.

Jeremiah Lyons Resigns as Superintendent of Sewers—Succeeded by John Collins.

(Special to The Bulletin.)

Willimantic, Jan. 9.—The most interesting matter before the aldermen at their regular monthly meeting tonight was the resignation of Jeremiah Lyons, superintendent of sewers. Mr. Lyons has held this office for several years. He was first appointed by Mayor Daniel P. Dunn, and later, when Mayor Dunn was again called upon to make an appointment for that position, he was re-appointed. His resignation came as a complete surprise. It was reported in the aldermanic chamber that the resignation was due to Mr. Lyons' ill health. The resignation was accepted.

John Collins, Mayor Dunn's protegee, was appointed to fill the vacancy by the unanimous vote of the aldermen and the approval of Mayor Dunn.

All members of the board were present at the meeting.

The report of the police department showed 19 arrests and 77 tramps given lodging during the month of December. The report was accepted. The report of Street Superintendent Summer for the period between Dec. 10 and Jan. 7, showing the expenses of the department to have been \$301.77, was accepted. A requisition for supplies for the fire department was referred to the purchasing committee with power. A petition, signed by P. F. Sheehan and two others, asking for a sewer on West Park street, was referred to the sewer committee for investigation and report. A petition from the board of trade committee and industrial building committee for the laying out of South Park street extension, also John street and the laying of an eight inch sewer on John street, were accepted, and resolutions were adopted ordering the work done.

A resolution was adopted appointing John Lucy foreman of the street department laborers for the year 1911 at a weekly salary of \$15. The sanitary committee, to whom was referred the matter of investigating the condition of Clark street, reported that no investigation no unsanitary condition was found, and it was recommended that the complainant be given leave to withdraw. The fire department committee was authorized to purchase a hose, washing apparatus for Hilltop Hose company, and the sum of \$50 was appropriated for that purpose. The fire committee was also authorized to have the heating apparatus of the company altered. Chief Wade U. Webster of the fire department appeared before the aldermen and advocated a change from the present gravity system to the storage battery system. He said that the present system was costing the city from \$25 to \$30 a year for maintenance, and that the proposed system would not cost over \$25 a year. The present system was undesirable, and the aldermen should take action on the subject. Mayor Dunn stated that he fully approved the change.

Two Love the Same Girl.

The marriage difficulties of Eddie John came to the attention of the police department Monday night, when he, followed by about fifty Syrians, walked into the police station, and asked for redress. Captain Richmond lost no time in calling the principals into his private office.

It was decided that the girl should go home and make up her mind as to which of her two claimants she wanted for her husband.

Before leaving, she said she had made up her mind not to marry Eddie John, the young man who had secured the marriage license, and that she felt as though Haddad was the one whom her heart called for. Eddie John stated that Mike Haddad would never marry the girl. He would fight a duel first.
